Storage Score Sheet

Judging Area 3: STORAGE COMPARTMENT(S) Score Sheet

Entrant Name: _____ Class: _____

Judge Name: _____

| Subarea | Maximum Points | Deduction | Remarks |
|--|----------------|-----------|---------|
| i: Storage compartment(s) walls, including condition of paint and side covering | 10 | | |
| Underside of compartment lid(s) including ii: latches, hinges and rubber molding, along with its (their) mating surfaces | 10 | | |
| iii: Floor covering(s) and gas tank and filler apparatus | 10 | | |
| Windshield washer container and pump and iv: battery(ies), regardless of their physical location in the car | 5 | | |
| v: Toolkit and tools, jack, spare tire and mount if present, air pump if present | 10 | | |
| Total: | 45 | | |

This score sheet supercedes all previous versions (dly 11-12-2007)

Storage Walls

Storage compartment(s) walls, including condition of paint and side covering

- Significant damage to paint on floor and side walls of compartment (making allowances for the fact that the finish of this area as supplied by the factory may not be up to the standards set by the exposed painted surfaces elsewhere on the car),
- Lint and dirt on side wall carpeting,
- Tears and defects in side wall carpeting (note that carpet may be fragile, especially around fasteners)
- Dirt and debris in gas heater compartment (early 911s).

Underside of Compartment Lid

Underside of compartment lid(s) including latches, hinges and rubber molding, along with its (their) mating surfaces

- Scratches, chips and defects on paint on underside of deck lid,
- Dirt and grease in hinges and latch mechanism,
- Dirt around weathers tripping
- Defects in weather stripping.

Floor Coverings

Carpeting and floor covering, including surfaces under floor mats:

- Dirt, stains and lint on carpets,
- Significant damage to the surface under the carpets or floor mats (making allowances for the fact that this area was not intended by the factory to be a finished surface up to the standards set by the exposed painted surfaces elsewhere on the car),
- Dirt or lint on floor panels under carpets and Dirt on piping around carpet edges.

Windshield washer container and pump and battery(ies)

Windshield washer container and pump and battery(ies), regardless of their physical location in the car

- Dirt and corrosion around washer container and pump,
- Dirt around outside of battery
- Dirt and corrosion on battery terminals

Toolkit and tools, jack, spare tire ...

Toolkit and tools, jack, spare tire and mount if present, air pump if present

- Judges may look for:
- Presence of tool kit including reasonable selection of tools and spare fan belt
- Dirt and corrosion on tools
- Dirt or discoloration of tool kit pouch
- Dirt, grease and corrosion in jack
- Dirt and plasticizer residue on spare tire surfaces (all surfaces)
- Dirt and smudges on spare tire rim (all surfaces)
- Dirt around edges of spare tire rim next to tire sidewalls
- Dirt in spare tire pump (if present; this must be present if the car has a space-saver spare tire)
- Tire strap cracks and stains
- Flat spare tire (unless a space-saver spare).

Appendix

Judges Manual touch points – Storage

The Storage Compartment as a judging category includes:

- The entire interior volume of the storage compartment(s),
- Storage compartment walls, including paint and side covering of the compartment(s)
- The inside surface of the deck lid, including any window present, out to its perimeter along with its hinges, struts, latches and weatherstripping
- Any gutter or depression on the body into which the deck lid or its weatherstripping fit, out to the junction with the exterior surface of the car
- Floor covering(s) or carpeting
- The gas filler area
- The inside surface of any cover over the gas filler cap out to its perimeter
- The gas heater compartment in some 911s
- The car battery(ies) and the windshield washer reservoir, filler and pump, regardless of where these items are located in the vehicle
- The tool kit, car jack, spare tire if present and air pump if present
- ▶ The Storage Compartment excludes:
 - ▶ Any interior surfaces of windows which open into the compartment,
 - ▶ All small storage compartments, such as glove boxes, located in the interior and
 - ▶ The area around the steering rack accessible below the gas

Judges Manual touch points – Storage

- ▶ The Storage Compartment excludes:
 - Any interior surfaces of windows which open into the compartment,
 - All small storage compartments, such as glove boxes, located in the Interior and
 - The area around the steering rack accessible below the gas heater compartment
 - in early 911s.
 - The margins of the Storage Compartment occur:
 - In cars where the Storage Compartment is contiguous with and accessible from the
 - Interior, at an imaginary vertical plane extending vertically up to the roof from
 - the back edge of the most rearward seatback upholstery,
 - At the peripheral edge of any gutter or depression into which the deck lid or its weather stripping fit where it is flush with the outer surface of the car
 - At the perimeter of the inside surface of the deck lid.

Judges Manual touch points – Storage

1: Storage

- ▶ **Storage compartment(s) walls, including condition of paint and side covering**
 - Significant damage to paint on floor and side walls of compartment (making allowances for the fact that the finish of this area as supplied by the factory may not be up to the standards set by the exposed painted surfaces elsewhere on the car),
 - Lint and dirt on side wall carpeting,
 - Tears and defects in side wall carpeting (note that carpet may be fragile, especially around fasteners)
 - Dirt and debris in gas heater compartment (early 911s).
- ▶ **Underside of compartment lid(s) including latches, hinges and rubber molding, along with its (their) mating surfaces**
 - Scratches, chips and defects on paint on underside of deck lid,
 - Dirt and grease in hinges and latch mechanism,
 - Dirt around weathers tripping
 - Defects in weather stripping.
- ▶ **Floor covering(s) and gas tank and filler apparatus**
 - Dirt and lint on floor carpeting or mat,
 - Tears and defects in floor carpeting or mat,
 - Dirt around gas filler cap,
 - Dirt and grease on filler cap door hinge and latch mechanism and
 - Dirt in recess around gas filler cap and on rubber boot around gas tank filler neck.

Judges Manual touch points – Storage

- ▶ **Windshield washer container and pump and battery(ies), regardless of their physical location in the car**
 - Dirt and corrosion around washer container and pump,
 - Dirt around outside of battery
 - Dirt and corrosion on battery terminals.

- ▶ **Toolkit and tools, jack, spare tire and mount if present, air pump if present**
 - Judges may look for:
 - Presence of tool kit including reasonable selection of tools and spare fan belt,
 - Dirt and corrosion on tools,
 - Dirt or discoloration of tool kit pouch,
 - Dirt, grease and corrosion in jack,
 - Dirt and plasticizer residue on spare tire surfaces (all surfaces),
 - Dirt and smudges on spare tire rim (all surfaces),
 - Dirt around edges of spare tire rim next to tire sidewalls,
 - Dirt in spare tire pump (if present; this must be present if the car has a space-saver spare tire),
 - Tire strap cracks and stains and
 - Flat spare tire (unless a space-saver spare).
