Porsche Parade

9 – 15 June 2024, [Porsche Parade](#) – Birmingham, Alabama

Parade Registration: Phase I

Parade Registration: Phase I will open on Wednesday, 31 January 2023 (12:00 PM EST/
10:00 AM MST/9:00 AM PST) at the following link: www.pca.org/pca-login/parade-registration.

Don't Just Attend Porsche Parade... ...Be a Part of It!

The objective of a PCA Rally is to follow a course from point to point, usually on public roads, to the precise detail specified in the rules - it can be competitive or for fun. Competitive Time Speed Distance (TSD) Rallies dictate a certain time schedule for the checkpoints along the way. Gimmick Rallies, also competitive rallies, may include a Gimmick (Poker Rally, regional interest). New to Rallying? Parade is a great time to give it a try!

You've heard of the test pilots Chuck Yeager and Neil Armstrong. Yeager was the first man to break the sound barrier in an X-1. Armstrong piloted the X-15 on seven test flights and later was the first man to set foot on the moon. Edwards Air Force base is crawling with test pilots; the USAF Flight Test School is what they do there!

Wednesday, March 27, we have a **second drive** to and tour of Edwards Air Force Base outside of Lancaster. We will arrive at the base at 11:00 and proceed to the mess hall for lunch. From there we'll have a guided tour of the legendary Air Force Flight Test Museum followed by a tour of the base via a USAF bus, including a drive down the flight line. There will be an opportunity for a group photo in front of a USAF XR71. This event is limited to 40 attendees and the registration period will end two weeks before the event.

Due to national security requirements, during registration and sign-up you will need to provide information other than just your credit card. This information will be kept secure and is only shared with the Air Force Base Security and is one of their requirements to enter the base: open only to US citizens and green card permanent residents. To register, go to msreg.com/EdwardsAFBTour2. Cost is \$40 per person, which includes lunch, the activity fee, and a contribution to the Air Force Flight Test Museum. Tour Etiquette

Arrive With a FULL Tank of Gas!

Or, arrive early enough to fill up. Experienced tour leaders pick starting points with nearby filling stations (inexperienced tour leaders please take note). Don't be that guy who—after the drivers meeting—says “Everybody wait 15 minutes (or more) while I go fill my tank.”

Route Information

Zone 8 [Favorite Drives](#)

We are a car club aren't we? So, shouldn't one of our favorite things be to drive in our cars? There are some PCA suggestions for driving routes that you might want to try with your Porsche. Click www.zone8.org/about/favorite_drives.php

“Survival Gear”

PCA Tours are not desperate struggles pitting man against nature. But! They usually are scenic drives in places a flatbed won't reach before you finish your lattes at the corner Starbucks. Just in case something should go wrong with one of the most reliable automotive marques, take along some things to keep yourselves comfortable if you have to wait:

- Water
- Snacks
- Sunscreen
- Hats
- Jackets
- Comfortable walking shoes

¹ There's a [Caltrans Quickmap](#) app: [Google Play](#); [Apple Store](#).

PCA Social Events

This section is **just the “social” events**—the ones where we typically put into practice the guiding principle of the PCA: *when do we eat?* Look in the other sections for tours (where the journey’s the thing), tech sessions (with experts), concours, performance driving, autocross, etc.

DRIVING QUICKBLAU, THE OLDEST PORSCHE 901 IN EXISTENCE.

From [Road & Track](#), by Chris Perkins, published: Feb 14, 2024

THE GERMAN LANGUAGE has a word for everything. During a drive of the oldest Porsche 901 in existence, prototype number 6, the German word that comes to mind is Ausgangsbasis. A Porsche designer once used the term with me, explaining that it translates roughly to “a good place to start.”

Prototype number 6 is the oldest surviving car powered by the greatest air-cooled engine of all time. Twist the ignition key, hold the throttle open part way, and the 2.0-liter flat-six fires with a flare of revs and settles into a thrum that has echoed in the cabin of the myriad 911s that have followed. Porsche built this particular car shortly before the 901’s premiere in September 1963. (The 911 name change came a year later.) The engineers in Weissach nicknamed it “Quickblau.”
