ROCKIN' AND A ROLLIN' TO THE ROCK STORE BBQ LUNCHEON

November 13, 2025

Get ready for a fun-filled drive through the Santa Monica Mountains on a route perfectly suited for Porsches. We'll start at the Camarillo Outlet Mall (630 Ventura Blvd) and end at the Rock Store.

The Rock Store is an iconic meeting place for celebrities, as well as car and motorcycle enthusiasts. Its history dates back to 1910 when it was a volcanic-rock-faced stagecoach stop and hotel. In the 1940s, the place enjoyed its popularity as a grocery store and the cultural center of Cornell. In 1961, Ed and Vern Savko converted it into a popular refreshment stop for drivers and motorcyclists drawn to the scenic canyon roads. Today, the Rock Store enjoys its status as an "In Spot" to just hang out. Ordinarily closed midweek, the Rock Store is opening just for our Santa Barbara Region members.

Lunch will be a mouthwatering feast of BBQ tri-tip, pulled pork, and homemade potato salad, along with your choice of a non-alcoholic beverage. A vegetarian choice will be available. The price for this fabulous drive-and-dine event is \$40 per person plus \$2 MotorSportsReg fee. Register at msreg.com/sbrrrockstore2025. Questions: contact Lionel Neff at zuma13@msn.com.

Tour Etiquette

Arrive With a FULL Tank of Gas!

Or, arrive early enough to fill up. Experienced tour leaders pick starting points with nearby filling stations (inexperienced tour leaders please take note). Don't be that guy who—after the drivers' meeting—says "Everybody wait 15 minutes (or more) while I go fill my tank."

³ There's an [Arizona 511](#) app, too: [Google Play](#), [Apple Store](#).

⁴ There's an iPhone app for Nevada 511 (and probably Android) but we can't find a link.

Zone 8 [Favorite Drives](#)

We are a car club aren't we? So, shouldn't one of our favorite things be to drive in our cars? There are some PCA suggestions for driving routes that you might want to try with your Porsche. Click www.zone8.org/about/favorite_drives.php

“Survival Gear”

PCA Tours are not desperate struggles pitting man against nature. But! They usually are scenic drives in places a flatbed won't reach before you finish your lattes at the corner Starbucks. Just in case something should go wrong with one of the most reliable automotive marques, take along some things to keep yourselves comfortable if you have to wait:

- Water
- Snacks
- Sunscreen
- Hats
- Jackets
- Comfortable walking shoes

PCA Social Events

This section is **just** the “*social*” events—the ones where we typically put into practice the guiding principle of the PCA: *when do we eat?* Look in the other sections for tours (where the journey's the thing), tech sessions (with experts), concours, performance driving, autocross, etc.

Road & Track Road Tests: Günter's Giant Rabbit

From [Road & Track](#) via [Bring a Trailer](#), 6 October 2025

A couple of weeks ago, we shared *Car and Driver's* [first review of the Porsche 928](#), so this week we're chasing it with something related — sorta. Here is *Road & Track's* feature on the outrageous "Super Rabbit" from their December 1979 issue, written by G. Leyrer and contributing artist Mark Stehrenberger with photography by Hans Peter Seufert. The subject at hand was a Golf/928 mashup that required very little sanity and a whole lot of work.

"We took a complete 928 chassis and drivetrain and built a Rabbit body around it. It required extensive handwork because the size of the engine made it necessary to widen the body by approximately 9 inches."

Nooo! Porsche has cancelled its Le Mans programme

Porsche announces that it will leave the World Endurance Championship to focus on Formula E. Doh!

From [BBC Top Gear](#), by [Greg Potts](#), Published: 09 Oct 2025

It doesn't happen all that often, but we can't help but feel that Porsche is about to make a monumental mistake. It has just announced that its factory team Porsche Penske Motorsport will leave the FIA World Endurance Championship at the end of the current season.

Yep, that means no factory-backed [Porsche 963 hypercars](#) at Le Mans next year. Just when things were getting interesting. Boooo. And perhaps the worst part is that Porsche is leaving WEC to focus on its involvement in Formula E. We're not making this up.

"We very much regret that, due to the current circumstances, we will not be continuing our involvement in the WEC after this season," said Dr Michael Steiner, Member of the Executive Board for Development at Porsche AG.

We presume those circumstances refer to the wider business (with Porsche also announcing that sales this year are six per cent down compared to the first nine months of last year) rather than just the fact that [Ferrari has won Le Mans three times in a row with its 499P hypercar](#). When Porsche does endurance racing it usually wins. The 963's best Le Mans result was a second-place finish earlier this year.

“In Formula E, Porsche is gaining valuable insights for its electric production sports cars,” reads the statement trying to justify this decision. “The fourth generation of Formula E cars will be introduced for season 13 (2026/27) and will bring further development freedom. This will enable Porsche to achieve an even steeper learning curve for its all-electric production vehicles.”

Subject: Region website membership dues check

Reply-To: national.pca.org

Hello PCA Region Presidents, Webmasters, and Membership Chairs,

It has been brought to our attention that some Region websites have the old membership dues amounts published.

Could you take a moment to check your Region website to make sure the membership dues are current?

Here are the current rates:

- 1 year..... \$56
- 2 years... \$110
- 3 years... \$162

It would be ideal if all of the PCA websites have the correct information by mid November.

Thank you very much for double checking and updating the membership dues.

Have a great weekend.

Jim
