PORSCHE CLUB OF AMERICA

PCA National Events

29 March – 2 April 2025 [Treffen Lowcountry](#)

At the [Montage Palmetto Bluff](#), 477 Mount Pelia Road, Bluffton, SC 29910

- Recognized as one of America's finest luxury resorts
- Forbes 5-star, Conde Nast Select Pick, 5 Diamond
- Numerous tour/destination opportunities including Savannah & Charleston

The Montage is a one-of-a-kind, storied resort known for peerless Southern hospitality in a storybook natural setting. Three-quarters of The Bluff, as locals call it, is a protected 20,000-acre nature reserve. Simply put, pictures do not capture the area's magic. While the beauty of Spanish moss draping over ancient live oak trees tantalizes your senses, immersing yourself in this unique location is likely to leave you with a sense of nostalgia for a bygone era. Once you spend time here, you'll understand.

Registration opens 18 December 2025.

14-20 June 2026, [The Porsche Parade, Lake Placid, NY](#)

Phase I Registration opens Wednesday, 28 January 2026.

Phase II Registration will close 14 May 2026.

19-25 September 2026, [Treffen at Sea—Pacific Wine Country](#)

Join hundreds of PCA Members on the 4th Annual Treffen at Sea, and the 5th event cruise, with Princess Cruises, from Saturday, September 19th to Friday, September 25th, 2026. We will set

sail from Vancouver, Canada, to Los Angeles, CA, with stops in San Francisco and Santa Barbara.

PCA Tours

Here are events where the drive in your Porsche is as important—or more important—than the destination.

February 2026 PCA Tours

20-22 March 2026, The Arizona Region [Old Tucson Three-Day Driving Tour](#)

Join this three-day event which features great driving, interesting venues, and lots of social time for making memories with new and old PCA friends. Highlights include visits to Old Tucson film studios/entertainment park and the DeGrazia Gallery in the Sun, the great drive to the top of Mt. Lemmon, and two nights at The Eddy Hotel in the beautiful Catalina Foothills. The drive back to the Valley on Sunday will follow another enjoyable, scenic route. [Register](#) by 6 March 2026.

Saturday, 21 March 2026, San Diego Region [Gravel Road Tour](#)

8:00 AM – 12:00 PM in the [Santa Ysabel Preserve](#). Have you ever wanted to drive your Porsche on a very twisty, hilly, dirt and gravel road through the mountains outside of the Ramona/Julian area of San Diego?

Have you built a safari 911/Cayman/944, or own a 911 Dakar but it's sitting in your garage nice and shiny, and has not yet touched the dirt?

Have you wanted to activate the Gravel mode of your Taycan Cross Turismo?

Or you just want to see what it's like to drive on a low grip surface in your Porsche?

Then this special driving tour is for you. [Register](#) 19 March 2026.

Saturday, 21 March 2026, California Inland Region [New Member Drive & Dine Celebration](#)

Spring Porsche Drive to Monterey

A Three-Day Journey Featuring Rossi's Driveway, Canepa's Headquarters & The Pacific Coast — April 20 to 22, 2026

Answer the call of the open road for a spectacular three-day Porsche Club journey from Santa Barbara to the Monterey Peninsula. This carefully curated trip blends legendary driving roads, exclusive automotive access, and coastal camaraderie for an unforgettable driving experience.

Day 1: Monday, April 20th

Meet in Santa Barbara for a drive through the verdant San Marcos Pass (Hwy 154). We'll then head north to discover the nine miles of sheer driving bliss known as Rossi's Driveway (Hwy 229). A group luncheon awaits at the Creston Loading Chute (choice of tri tip, club, pulled pork, or chicken Caesar salad). The afternoon brings more backcountry curves culminating in the 46-mile thrill of Carmel Valley Road, delivering us to Monterey's Victorian Inn. Enjoy included wine and cheese upon arrival, secure underground parking, and explore the nearby Embarcadero.

Day 2: Tuesday, April 21st

After the inn's breakfast, we embark on an exclusive visit to Bruce Canepa's headquarters in Scott's Valley. Explore this legendary race driver's restoration facility and his motorsports museum; he has chosen each vehicle in the collection for its unique contribution to the history of the sport. The afternoon is free for exploring before our 5:30 p.m. group walk

to the oceanfront Fish Hopper Restaurant. Dinner includes calamari, spring rolls, soup or salad, and entrée choices of crusted chicken breast, grilled salmon, seafood pasta, or artichoke ravioli, with key lime pie for dessert (bar available separately).

Day 3: Wednesday, April 22nd

Following breakfast and checkout, we embark on the iconic finale: a group drive south on the re-opened Highway 1 through Big Sur. We'll conclude our adventure with a final lunch together at The Ragged Point Restaurant before farewells.

Trip Pricing & Logistics:

- Club Fee: \$140 per person (covers two group meals and the Canepa visit). Payable via Motorsport Reg with menu selections. Register at: msreg.com/monterey2026
- Lodging: \$226.56 per night (room, resort fee, taxes) + \$9/night parking. Paid directly to the Victorian Inn via a dedicated link provided after registration. Prepare for driving perfection, legendary scenery, and supreme Porsche camaraderie. Questions: contact Lionel Neff at zuma13@msn.com.

Tour Etiquette

Arrive With a FULL Tank of Gas!

Or, arrive early enough to fill up. Experienced tour leaders pick starting points with nearby filling stations (inexperienced tour leaders please take note). Don't be that guy who—after the drivers' meeting—says “Everybody wait 15 minutes (or more) while I go fill my tank.”

Zone 8 Favorite Drives

We are a car club aren't we? So, shouldn't one of our favorite things be to drive in our cars? There are some PCA suggestions for driving routes that you might want to try with your Porsche. Click www.zone8.org/about/favorite_drives.php

“Survival Gear”

PCA Tours are not desperate struggles pitting man against nature. But! They usually are scenic drives in places a flatbed won't reach before you finish your lattes at the corner Starbucks. Just in case something should go wrong with one of the most reliable automotive marques, take along some things to keep yourselves comfortable if you have to wait:

- Water
- Snacks
- Sunscreen
- Hats
- Jackets
- Comfortable walking shoes

¹ There's a [Caltrans Quickmap](#) app: [Google Play](#); [Apple Store](#).

² There's an [Arizona 511](#) app, too: [Google Play](#), [Apple Store](#).

³ There's an iPhone app for Nevada 511 (and probably Android) but we can't find a link.

WINTER IS COMING

Winter is Coming!

Be careful with summer-only tires! They won't give the performance you're used to when it gets below 45°F. You might also give some thought to what's in your windshield washer.

From [Michelin](#)

What are summer tires?

With a shallower tread pattern and a stiff, sticky tread compound that offers excellent grip on dry and wet surfaces, summer tires are specifically designed to deliver optimal performances in temperatures above 7°C (45°F).

What are winter tires?

Winter tires are specifically designed for safe driving in temperatures below 7°C (45°F), and severe conditions such as ice and snow. They're also made of a more supple material, helping them stay soft enough to grip the road even in freezing temperatures.

What are all-season tires?

All-season tires or 4-season tires as they are also commonly known, combine technologies from summer and winter tires and can be used all year round. All-season tires guarantee mobility and safety for temperatures ranging from -10°C to +30°C (14°F to 86°F.)

From [Pirelli](#)

The optimum temperature for making the switch is 7 degrees Celsius (45°F).

From the [Tire Rack](#)

[Summer performance tires](#) feature tread rubber compounds engineered to provide traction in warm to hot temperatures only. As temperatures drop into the 40s, a summer performance tire's tread compound changes from a pliable elastic to an inflexible plastic, drastically reducing traction capabilities. The tire industry calls this process the "glass transition." And, without

traction, your vehicle will have a hard time staying on the road!

In fact, should summer performance tires even be exposed to near- or below-freezing temperatures, [tread compound cracking](#) or tread block chipping can occur. Once a tire has been damaged in this way, it will need to be replaced. And, as both types of damage only occur as the result of improper use or storage, they will not typically be covered by the manufacturer's warranty.

PCA Social Events

This section is **just the “social” events**—the ones where we typically put into practice the guiding principle of the PCA: *when do we eat?* Look in the other sections for tours (where the journey’s the thing), tech sessions (with experts), concours, performance driving, autocross, etc.

October 2026 PCA Social Events

Saturday, 17 October 2026, [Boardwalk Reunion](#)

Porsche Club of America's Zones 1 & 2 host this exciting event, with support from the [Porsche 356 Registry](#). The featured Porsche models for 2026 are Outlaws, Safari and Rally cars, any model, any year! This year's logo was inspired by the classic 1911 Monte Carlo Rally logo.

Whether real or tribute, on-road or off-road – bring it to the Boards! But whatever the year and model of YOUR Porsche, join us for a beautiful day Saturday, October 17th on Ocean City's spectacular Boardwalk. Registration opens 1 August 2026.

PCA Rallies

These range from seriously competitive Time-Speed-Distance (TSD) rallies with penalties for every second you're off to scenic tours where somebody's figured out a way to keep some sort of score.

Saturday, 2 May 2026, Central Pennsylvania Region [Porsche Only Swap Meet & Show](#)

The Central PA Region of the Porsche Club of America is once again bringing its world-famous Porsche-Only Swap Meet to [Carlisle Fairgrounds](#), Carlisle Pennsylvania, on Saturday, May 2nd, 2026. This is without exaggeration the largest event of its kind on the planet. It typically brings nearly 650 vendors, around 1,000 Porsches, and over 6,000 visitors from all over the world together every year. If you're seeking an obscure Porsche or an obscure part for your Porsche, this is your best chance to find it. Every dealer and Porsche packrat in a 250-mile radius will be bringing their odds and ends for sale or swap. You'll see exotic Porsches found nowhere this side of Stuttgart, and Porsche personalities ranging from PCA muckety-mucks to (sometimes) celebrities like Jerry Seinfeld. As always, we'll feature a People's Choice Concours, too!

PCA [Concours d'Élégance](#)

Vehicle Falls 500 Feet off Towering Cliff along California Scenic Roadway, Killing One

Harsh weather conditions hampered rescue efforts along California's rugged coastline

From Fox News, by [Bonny Chu Fox News](#), Published [February 11, 2026 5:43pm EST](#)

Authorities said Tuesday that a vehicle plunged approximately 500 feet off a towering coastal cliff [in California](#), killing one person in a harrowing crash along the state's rugged shoreline. The vehicle reportedly tumbled down the steep, rocky terrain in Big Sur before coming to a stop just short of the ocean.

"At approximately 4:22 p.m. on February 10, Monterey County emergency dispatchers received multiple 911 calls reporting that a vehicle had gone off the roadway and was believed to have entered the water," the Monterey County Sheriff's Office (MCSO) said.

The incident, which prompted search and rescue efforts by Big Sur Fire and MCSO, occurred along California's central coastline off Highway 1 at the Hurricane Point scenic overlook, according to the authorities.

"Responding personnel located the vehicle after it had traveled over a cliff and came to rest more than 500 feet below on the rocks," officials said. "During the operation, rescuers located one occupant, who was pronounced deceased at the scene."

Sheriff Tina Nieto said the scene was marked by [harsh environmental conditions](#), suggesting that weather could have played a role in the fatal accident.

"Weather conditions made [recovery efforts](#) extremely challenging," Nieto said. "Strong winds required our Search and Rescue personnel to take additional safety precautions throughout the operation."

Big Sur typically sees a higher number of rainy days in February and is prone to landslides due to [winter storms](#). According to weather forecasts, nearby areas of the incident were experiencing light rain at the time of the crash.

"We extend our condolences to the victim's family during this difficult time," Nieto added. After four hours of recovery efforts, authorities transferred the victim to the Monterey County Sheriff's Coroner's Office for identification. The California Highway Patrol is investigating the circumstances surrounding the crash.

Portions of Highway 1 in Big Sur were closed earlier this year after a major landslide damaged the roadway.

While the area had been scheduled to remain closed until March 30, transportation officials reopened the highway in mid-January after stabilizing what they called "one of the state's most challenging slopes."
