A Three-Day Journey Featuring Rossi's Driveway, Canepa's Headquarters & The Pacific Coast — April 20 to 22, 2026

Answer the call of the open road for a spectacular three-day Porsche Club journey from Santa Barbara to the Monterey Peninsula. This carefully curated trip blends legendary driving roads, exclusive automotive access, and coastal camaraderie for an unforgettable driving experience.

Day 1: Monday, April 20th

Meet in Santa Barbara for a drive through the verdant San Marcos Pass (Hwy 154). We'll then head north to discover the nine miles of sheer driving bliss known as Rossi's Driveway (Hwy 229). A group luncheon awaits at the Creston Loading Chute (choice of tri tip, club, pulled pork, or chicken Caesar salad). The afternoon brings more backcountry curves culminating in the 46-mile thrill of Carmel Valley Road, delivering us to Monterey's Victorian Inn. Enjoy included wine and cheese upon arrival, secure underground parking, and explore the nearby Embarcadero.

Day 2: Tuesday, April 21st

After the inn's breakfast, we embark on an exclusive visit to Bruce Canepa's headquarters in Scott's Valley. Explore this legendary race driver's restoration facility and his motorsports museum; he has chosen each vehicle in the collection for its unique contribution to the history of the sport. The afternoon is free for exploring before our 5:30 p.m. group walk

to the oceanfront Fish Hopper Restaurant. Dinner includes calamari, spring rolls, soup or salad, and entrée choices of crusted chicken breast, grilled salmon, seafood pasta, or artichoke ravioli, with key lime pie for dessert (bar available separately).

Day 3: Wednesday, April 22nd

Following breakfast and checkout, we embark on the iconic finale: a group drive south on the re-opened Highway 1 through Big Sur. We'll conclude our adventure with a final lunch together at The Ragged Point Restaurant before farewells.

Trip Pricing & Logistics:

- Club Fee: \$140 per person (covers two group meals and the Canepa visit). Payable via Motorsport Reg with menu selections. Register at: msreg.com/monterey2026

If you are interested, please sign up early as this event sells out every year. Viewing the night sky through the 60-inch telescope is an unforgettable experience. For many people who come to this special event, held every year, many are surprised that Mount Wilson even exists. We have received many complements on how special and fun it is, even if you are not into astronomy.

Tour Etiquette

Arrive With a FULL Tank of Gas!

Or, arrive early enough to fill up. Experienced tour leaders pick starting points with nearby filling stations (inexperienced tour leaders please take note). Don't be that guy who—after the drivers' meeting—says “Everybody wait 15 minutes (or more) while I go fill my tank.”

“Survival Gear”

PCA Tours are not desperate struggles pitting man against nature. But! They usually are scenic drives in places a flatbed won't reach before you finish your lattes at the corner Starbucks. Just in case something should go wrong with one of the most reliable automotive marques, take along some things to keep yourselves comfortable if you have to wait:

- Water
- Snacks
- Sunscreen
- Hats
- Jackets
- Comfortable walking shoes

24-26 April 2026, [la Jolla Concours d'Élégance](#)

It began as the dream of a few La Jolla business owners who were looking for a way to showcase the beauty and charm of downtown La Jolla during the winter months. In 2003, Michel Ullman, Terry Underwood and Yvette Marcum met at Georges at The Cove and drew up plans to host a car show on the lawn at Ellen Browning Scripps Park. The three were part of the local merchants' association, at the time called Promote La Jolla. They brought their idea to the association's board; in response, a group of passionate members—including Tiffany Share, Deborah Marengo, Bob Meigs, Steve Edelstein, Bill Price and Greg Rizzi—joined forces with all-star event promoter Laurel McFarlane to form the La Jolla Motor Car Classic committee.

The committee was successful in securing the support and financial backing necessary to bring their vision to life, and in January 2004, the inaugural La Jolla Motor Car Classic was held with humble but auspicious beginnings. The event attracted a diverse field of about 50 hot rods, antique automobiles and classic cars, all owned by local collectors and enthusiasts, but the committee saw the potential to bring the show to the next level by enlisting the support of the local car collector community.

California cracks down on luxury car buyers evading taxes through 'Montana Loophole'

State officials estimate 2,500 sales since 2023 across nearly 500 dealerships cost California more than \$10M annually in lost revenue

From [Fox News](#), Published April 3, 2026 4:00 PM EDT, by By [Kristine Parks](#) | [FOXBusiness](#)

As California faces a billionaire exodus, state officials are continuing to target the wealthy, with a crackdown on individuals who register luxury vehicles out of state to avoid California taxes and registration fees.

Known as the "Montana Loophole," the practice involves California residents purchasing and registering luxury vehicles through a [Montana-based limited liability company, LLC](#), because Montana has no statewide sales tax and has significantly lower registration fees than the Golden State.

Montana allows out-of-state owners to purchase and title vehicles there on paper, even when the vehicles are primarily used in another state, according to the [California Department of Tax and Fee Administration](#) (CDTFA).

On March 6, the CDTFA and the DMV announced they had opened more than 400 investigations into high-end vehicle buyers and begun nearly 300 audits of dealers in an attempt to recover millions in lost revenue.

California AG Rob Bonta announced charges against over a dozen residents involved in alleged tax evasion schemes involving luxury car purchases registered out of state. (Vivien Killilea/Getty Images for Athletes vs. Cancer / Getty Images)

The [state agency](#) estimates that since 2023, about 2,500 sales across nearly 500 California dealerships to customers claiming to use the vehicle in Montana have cost the state more than \$10 million annually in lost revenue.

California Attorney General Rob Bonta's office also [announced charges](#) against 14 Bay Area individuals in an alleged tax evasion scheme involving more than \$20 million worth of luxury vehicles registered out of state. According to Bonta's office, none of the vehicles, including McLarens, Porsches and Ferraris, was shipped to or used outside California, and the defendants allegedly evaded more than \$1.8 million in state taxes.

"CDTFA is working to close this loophole that erodes California's revenue base," said California Department of Tax and Fee Administration Director Trista Gonzalez in a press release. "Our department is identifying questionable transactions through state partnerships to protect the integrity of California's tax system while ensuring the [tax is paid](#) to support our schools, roads, public safety, and essential services that all Californians depend on."

Under state law, residents owe California sales tax on vehicles that are not first used and kept out of state for at least 12 months, according to the CDTFA. Those who attempt to avoid these taxes can face significant penalties, including up to 50% of the tax due.

In December 2024, the state agency sent a warning letter to California auto dealers about the tax-evasion scheme, saying they could be held liable for taxes if they failed to keep proper shipping and delivery documents or if they did not actually ship the vehicle out of state.

"We're talking about really large, hefty sales prices on these vehicles. So uncovering even a handful of them makes a large, large impact on our revenue for our state that provides vital services for Californians," Shannon Robinson of the CDTFA told the LA Times in [a report](#) published Friday.

The tax enforcement comes as California's most wealthy are reportedly state over concerns about a looming wealth tax that would impose a 5% tax on the net worth of residents with assets exceeding \$1 billion.

Windblown Mic is Live – Check Out Our New Club Podcast

I'm excited to officially introduce something new for our region — **Windblown Mic**, our club podcast dedicated to the people, stories, and passion that make PCA San Diego so special.

We've already hit the ground running and recorded several episodes featuring some familiar faces, including Bob Berman, Joan Cueto (Juniors Chair), Randy Irons (Membership), Jason (our Vice President), Greg Nickols (Sponsorship), and Ilko Nechev from Panorama Magazine. It's been a great mix of club insight, behind-the-scenes conversations, and a lot of fun along the way.

Listen & Subscribe:

YouTube: <https://www.youtube.com/@porscheclubofamericasandieg6121>

Spotify: <https://open.spotify.com/episode/6NR3zs46uvaNjjBK95LK2X>

And this is where we need your help:

- **Subscribe to the YouTube channel**
- **Follow the podcast on Spotify**
- **Like, comment, and share episodes**

The more engagement we get, the more we can grow this into something really special for the club.

We're also looking for guests! If you've got a story, a car, a role in the club, or just want to be part of the conversation, we'd love to have you on. It's a relaxed, 30-minute session recorded at [Amplified in Carlsbad](#) — easy and fun.

This podcast is all about showcasing our members and building even more connection across the club, and I think it's going to be something we can all be proud of.

Take a listen, hit subscribe, and let's keep the momentum going.

Thanks everyone,

Michael

President PCASDR
